

Re-Cage Program: Quick Instructions

Notice: the Re-Cage Program applies only to non-clear, PSU-made items.

- ▶ Used cages, tops and bottles (from now on, items) are to be collected at Subsidiary/Dealer/Vendor own expenses, and are to be put, duly stacked to minimize volume, on EUR Pallets (800x1200mm), or other packaging approved, or provided, by Tecniplast SpA.
- ▶ Used items must be cleaned by appropriate washing (i.e., no debris of any origin should remain on the surface), and then sterilized by means of autoclave at a temperature of 121 °C for 20 minutes minimum."
- ▶ The Subsidiary/Dealer/Vendor must provide the following declarations:
 - ✓ Decontamination declaration
 - ✓ Vivarium-purpose use declaration (i.e., the concerned cages were used only for Vivarium purposes)

COLLECTION
